among the compromises has already been ready. Edom removed two of the pies from the table and put them on the counter near the ovens. "Because Cain had called him to get a recommendation of a P. I. here in San Francisco," said Kathleen. "To find out what happened to Seraphim White's baby." She was sopping, shivering. Water streamed from her soaked hair, down her face, as she wiped at her beaded eyelashes with one dripping hand. When the long table was laden and the wine poured, when everyone but Mary settled into chairs, Angel said, "My daughter tells me she wants to make a short presentation before I say grace. I don't know what it is, but she assures me it doesn't involve singing, dancing, or reading any of her poetry." I. Although he harbored no fear of coming under suspicion for the murder of Victoria Bressler, he intended to leave Spruce Hills this very night. No future existed for him in such a sleepy backwater. A wider world awaited, and he had earned the right to enjoy all that it could offer him. With that thought, he made himself laugh. Unfortunately, his laughter was high-pitched and shaky, and it scared the hell out of him. The formless apprehension with which she had awakened at 1:50, Tuesday morning, had returned to her from time to time during the past couple days. Now, here it came again, pinching her throat and tightening her chest-at last beginning to take form. At the end of the famous sermon, Celestina's father had wished to all well-meaning people that into their lives should fall a rain of benign effects from the kind and selfless actions of countless Bartholomews whom they would never meet. And he assures those who are selfish or envious or lacking in compassion, or who in fact commit acts of great evil, that their deeds will return to them, magnified beyond imagining, for they are at war with the purpose of life. If the spirit of Bartholomew cannot enter their hearts and change them, then it will find them and mete out the terrible judgment they deserve. In a pew in Old St. Mary's Church, in Chinatown, Junior took delivery of the lock-release gun and the untraceable 9-mm pistol with the custom-machined silencer, as previously arranged. The church was deserted at ten o'clock in the morning. The shadowy interior and the menacing religious figures gave him the creeps. Now the message ... Something about a hospital. Someone dying. A cerebral hemorrhage. Indeed, the winter storm had dampened neither his hair nor his clothes. The rain appeared to slide away from him a millimeter before contact, as though the water and the man were composed of matter and antimatter that must either repel each other or, on contact, trigger a cataclysmic blast that would shatter the very foundation of the universe. At the bottom, the killer had pushed the cedar chest aside and clambered to his feet. From out of his raveled Tutankhamen windings, he peered up at Paul and fired one shot without taking aim, almost halfheartedly, before disappearing into the living room. St. Mary's social workers did not arrive with dawn, so Celestina was given the privacy of one of their offices, where the wet face of the morning pressed blurrily at the windows, and where she phoned her parents with the terrible news. From here, too, she arranged with a mortician to collect Phimie's body from the cold-storage locker in the hospital morgue, embalm it, and have it flown home to Oregon. Naked, dripping, he roamed the apartment. As on the night of December 13, the voice seemed to arise from thin air: ahead of him, then behind him, to the right, but now to the left. While Angel continued her relentless interrogation of Paul Damascus, Tom joined her mother in front of the large window at the end of the room farthest from the dinner table. During the preparation of the cards, Barty had fallen asleep in his mother's arms, but with the revelation of his name on the ace, he had awakened again, perhaps because with his head resting on her bosom, he was alarmed by the sudden acceleration of her heartbeat. He hadn't lied to his mother. She assumed that by some quantum magic, he had regained his sight permanently, and that this came with no cost. He merely allowed her to go to her rest with the comforting misapprehension that her son had been freed from darkness. Without sigh or complaint, he would walk back to her with the purse. The errand was no trouble. In fact, returning the purse would give him a chance to get another good-night kiss. He had dragged Ichabod halfway across the threshold when he heard someone say, "No." He was nearly forty years old, and a life spent fearing nature could not be turned easily into a romance with her. Some nights he still stared at the ceiling, unable to sleep, waiting for the Big One, and he avoided walks on the shore in respect of deadly tsunamis. From time to time, he visited his brother's grave and sat on the grass by the headstone, reciting aloud the gruesome details of deadly storms and catastrophic geological events, but he found that he had also absorbed from Jacob some of the statistics related to serial killers and to the disastrous failures of manmade structures and machines. These visits were pleasantly nostalgic. But he always came with roses, too, and brought news of Barty, Angel, and other members of the family. When Paul sold his house to move in with Agnes, Tom Vanadium settled into Jacob's former apartment, now a fully retired cop but not yet ready to return to a life of the cloth. He assumed the management chores of the family's expanding community work, and he oversaw the establishment of a tax-advantaged charitable foundation. Agnes provided a list of fine-sounding and self-effacing names for this organization, but a majority vote rejected all her suggestions and, in spite of her embarrassment, settled on Pie Lady Services. Then he looked up at the massive limbs overhead, and the mood changed: A sense of impending insight at once gave way to the fear that an unsuspected fissure in a huge limb might crack through at this precise moment, crushing him under a ton of wood, or that the Big One, striking now, would topple the entire oak. In the passenger's seat, Barty was cushioned in his mother's arms. At times, the boy cooed or gurgled, or made a wet chording sound. Seraphim White had come to California to give birth to him in or to spare her parents-and their congregation--embarrassment. No, impossible. He had killed Victoria almost a year and a half before this phone call. When you were dead, you were gone forever. A shiver of awe traveled Celestina's spine, because she knew what the physician's next words would surely be. The moment he had seen the building in which Nolly maintained an office-an aged three-story brick structure in the North Beach district, a seedy strip club occupying the ground floor-Junior knew he'd found the breed of snoop he needed. The detective was at the top of six flights of narrow stairs-no elevator-at the end of a dreary hallway with worn linoleum and with walls mottled by stains of an origin best left unconsidered. The air smelled of cheap disinfectant, stale cigarette smoke, stale beer, and dead hopes. First, Victoria Bressler was listed as one of his victims, although as far as he knew, the authorities still had every reason to attribute her murder to Vanadium. "Where did it go?" Grace asked her granddaughter, making as much effort as she could to lighten the mood for the girl's sake. When Junior walked the cracked-linoleum corridor and descended the six flights of stairs to the street, he discovered that a thin drizzle was falling. The afternoon grew darker even as he turned his face to the sky, and the cold, dripping city, which swaddled Bartholomew somewhere in its concrete folds, appeared not to be a beacon of culture and sophistication anymore, but a forbidding and dangerous empire, as it had never seemed to him before. Although first-rate, the surgical team wasn't able to reattach the badly torn extremity. Tissue damage was too extensive to permit delicate bone, nerve, and blood-vessel repair. From Christmas through February, he dated a beautiful stock analyst and broker-Tammy Bean-who specialized in finding value in companies that had rewarding relationships with brutal dictators. "Oh!" She blotted her eyes on the heels of her hands. "Wait! Give me a second chance. I can do it better, I'm sure I can." When Max answered,

Vanadium let out his breath in a whoosh of relief and began talking on the inhalation: "It's me, Tom, and maybe I've just got a bad case of the heebie-jeebies, but there's something I think you better do, and you better do it right now." On the way home, he repeatedly checked the rearview mirror. No vehicle followed him..Junior remembered the very words the detective had used: They say she died in a traffic accident..Mustering all her hostess skills, Agnes gradually turned the conversation from disastrous explosions to Fourth of July fireworks, and then to reminiscences of summer evenings when she, Joey, Edom, and Jacob..He wasn't a marksman, anyway. He couldn't handle anything more than close-up work..The ship of night floated over the city and cast down nets of darkness, gathering millions of lights like luminous fishes in its black toils..As the nurse slapped a bar of lye soap in Celestina's right hand, she turned on the water in the sink..After carrying the two pieces of luggage to the car in the garage, he returned to the study. He sat at the desk and examined the contents of the drawers, then turned to the file cabinet..After his conversation with Magusson, however, Junior realized this fear was irrational. If the detective had miraculously escaped the cold waters of the lake, he would have been in need of emergency medical treatment. He would have staggered or crawled to the county highway in search of help, unaware that Junior had framed him for Victoria's murder, too badly wounded to care about anything but getting medical attention..Because of his blindness and his intellectual gifts, Barty was home schooled; besides, no teacher was a match for his autodidactic skills, nor could anyone possibly inspire in him a greater thirst for knowledge than the one with which he had been born. Angel went to this same informal classroom, and her sole fellow student was also her teacher. They aced the periodic equivalency tests that the law required. Their constant companionship seemed to be all play, yet was filled with constant learning, too..He produced her coat as if by legerdemain. Magically, she found her arms in the sleeves and the collar around her neck, though given her size lately, putting on anything other than a hat usually required strategy and persistence..To the phone, the police. No dial tone. Pointless to rattle the disconnect switch. The line had been cut..just as the smile curved to completion, however, an awful thing happened. The humiliation began with a loud gurgle in his gut..Behind them, the door rebounded forcefully from a rubber-tipped stopper and closed with a thud. The lock wasn't engaged, however, and they might be interrupted momentarily..Supposing that this new enthusiasm was an attempt to uncover skullduggery in Seraphim's accident, then the girl would be doing Junior a service even after her demise. Whether or not the traffic accident was an accident, Junior hadn't had anything to do with it..Eventually he put the quarter on the nightstand, switched off the lamp, and slipped into bed..Clenching his right hand around the quarter, waving left hand over right, he intoned, "Jingle-jangle, mingle-jingle." Opening his right hand, he revealed that the coin had vanished..Precisely what type of prodigy Barty might be was initially not easy to deduce. He revealed many talents rather than just one..He lay still, waiting for silence to return, so he could hear whether the great gong had drawn people into the alley..Rising from his chair and rolling down his shirt-sleeves, Nolly said, "If you'll be our guest for dinner, I suspect we'll all have a fascinating evenings."..Junior considered slipping quietly around the house, peering in windows, to be sure she was alone, before approaching directly. If she saw him, however, his wonderful surprise would be spoiled..The gray pewter appeared to be mottled with a black substance. Perhaps char. As though it had been soiled in a fire..She hadn't looked up from her sketching. Although Junior thought she hadn't seen him, she'd apparently been aware of him all along.. "You should be with your children," Agnes worried. Maria looked up. "My babies are sitted with my sister."..place settings. He returned with them to the kitchen and put them in the lower oven, as though Victoria were using it as a plate warmer..This is a tale of those times. Some of it is taken from the Book of the Dark, and some comes from Havnor, from the upland farms of Onn and the woodlands of Faliern. A story may be pieced together from such scraps and fragments, and though it will be an airy quilt, half made of hearsay and half of guesswork, yet it may be true enough. It's a tale of the Founding of Roke, and if the Masters of Roke say it didn't happen so, let them tell us how it happened otherwise. For a cloud hangs over the time when Roke first became the Isle of the Wise, and it may be that the wise men put it there..People like Enoch Cain, of course, never choose between the right and the wrong thing, but between two evils. For themselves, they create world after world of despair. For others, they make worlds of pain..This morning, Damascus had left the house early, before Vanadium came downstairs, which was perfect for Junior's purposes. While the maniac cop was finishing his shave and shower, Junior crept upstairs to check his room. He discovered the revolver in the second of the three places that he expected it to be, did his work, and returned the weapon to the nightstand drawer in precisely the position that he had found it. Narrowly avoiding an encounter with Vanadium in the hall, he retreated to the ground floor. After some fussing over the most effective placement, he left the quarter and the luggage-just as Vanadium, the human stump, clumped down the stairs. Junior experienced an unexpected delay when the detective spent half an hour making phone calls from the study, but then Vanadium went into the kitchen, allowing him to slip out of the house and complete his work.. "I'm gonna dream about baby chickens," she told Celestina, "and if I'm all yellow, they'll think I'm one of them."
